Message from the Manager

I was very disappointed on February 11th when the Arctic weather caused the postponement of our game with Coventry City. The lads had been in such a good seam lately and naturally I wanted it to continue. However, there was no way that we could have played at Ayresome Park. Football becomes such a lottery when played under Arctic conditions. Many of us who saw the Saturday games on Television must have felt sorry for the players trying to perform when the elements were dead against them. Treacherous surfaces, hard in one place, slippery in another, soft elsewhere - these looked to be the conditions at Filbert Street where Leicester played Arsenal and in the end I suppose both sides would be satisfied at the result, the only winner was of course the pitch.

On the Continent where they know that each winter is going to bring fairly heavy snowfalls, football takes a break, but here in England this has never been possible because our winter is never so consistent. We could go through a winter without any heavy frost or snow with virtually no cancellations. So it is impossible to pre-judge our winter.

With so many cancellations now it would appear that the Football League may shortly have to think about extending the season to get all fixtures completed.

I was delighted that I was able to get the lads away for a four day break in Jersey. With our training facilities limited here I am sure that we will have benefited as we did the last time from our trip. Anyhow that is what I am banking on.

Today sees another important game. To have reached the last 16 in the Cup is an achievement in itself but I am hoping that after today's match we will have managed to reach the last 8. I certainly do not underestimate our opposition even though they come from the Second Division.

Ian Greaves has done a tremendous job at Burnden Park during his managerial stint and now I feel sure that Bolton are poised to make a return to the First Division. I am certain that they can prove their worth in this company. Nobody can estimate a teams ability on gaining promotion to stay in the top grade. Classic examples at the moment however are Notts Forest, West Brom and of course Chelsea who have all been worthy additions to the First Division.

Today I look to you to give the lads the support that you have afforded them in our previous matches and with this tremendous encouragement I feel sure we can succeed.

Your Match Day Programme

FOR 3 years the price of our programme has remained at 10p. and for this length of time, we have absorbed all the increas-

es in charges for printing, and production, and the rises in the cost of paper, which have been pretty considerable. Unfortunately, inflation has now caught up with us, and it is with regret that we have to advise you, that from our next Home match, the price of the programme will be increased to 15p.

introducing

PETER THOMPSON (Winger). Peter is the former Liverpool and England player who has won most of the honours in the game. A very tricky player, his class has made him a firm favourite with the supporters.

RAY TRAIN (Midfield). Signed for the Wanderers only minutes before the transfer deadline last season for £30,000 from Sunderland. Has a terrier-like tackle and is always in the thick of the midfield action.

RAY TRAIN

JIM McDONAGH (Goalkeeper). Jim joined the Wanderers at the start of last season on a month's loan from Rotherham Utd. Impressed and was signed for a £10,000 fee as a cover for Barry Siddall. He soon got promotion with the transfer of Siddall to Sunderland and held the first team spot for the remainder of the season. Jim stands 6ft. tall and matches his height with agility.

TONY DUNNE (Full back). Eire international who played for most of his career with Manchester United. Was a member of the United European Cup winning side and since coming to Bolton has proved to be a favourite with the fans.

TONY DUNNE

PETER NICHOLSON (Defender). Signed for the Wanderers from Blackpool for a small fee prior to the 1971-72 season and has proved to be a fantastic bargain. He can play anywhere in defence and had a long spell at full back last season. Is also accomplished in midfield.

ROY GREAVES (Midfield). Long serving player who had a recent testimonial. Born in Farnworth, near Bolton, he is a non-stop worker whose workrate has to be seen to be believed.

NEIL WHATMORE (Striker). Strong attacker with a flair for scoring goals. He scored 31 times last season to top the Second Division chart for League and League Cup goals.

NEIL WHATMORE

PAUL JONES (Defender). Paul is a central defender who has been a member of the Under-23 and full England squad. He is a commanding player in the air as well as on the ground and seems destined for further honours.

PAUL JONES

GARRY JONES (Striker). Born in Manchester, Garry is a strong running attacking player. He can put pressure on defenders and once he gains more consistency seems certain to be a regular goalscorer.

GARRY JONES

TERRY POOLE (Goalkeeper). Signed from Huddersfield Town last season for a £25,000 fee. Had still to make his first team debut at the start of the current season for the Wanderers.

JOHN RITSON (Full back). from schoolboy soccer. He graduated through the junior sides and is now a strong defender with an attacking flair. Missed a spell of last season due to a cartilage operation.

BRIAN SMITH (Midfield). Born in Walkden, near Manchester, Brian is a small but very active player who has impressed when used in midfield. His chances have been limited by the form of Peter Reid and the signing of Ray Train.

PETER REID (Midfield). Another youngster who joined Bolton from school on Merseyside. Peter played for England's Under 21 side last season and went on the close-season tour of Scandinavia with the national side. Is a constructive player who reads the game well and is a fine passer of the ball.

PETER REID

SAM ALLARDYCE (Defender). A young central defender born in the Midlands, Sam joined the Wanderers from school and since coming into the side in 1975 has held down a regular place.

WILLIE MORGAN (Winger). Started his career with Burnley then moved to Manchester United for a big fee. Returned to Burnley and was signed by the Wanderers two seasons ago. A Scottish international and member of the last World Cup squad, Willie spent last summer playing in American football.

MIKE WALSH (Defender). Manchester-born Mike joined the Wanderers from school. He is being groomed for a place in the side, but had to be content with being stand-in for any of the defensive positions. Seems certain to win a regular place soon.

FRANK WORTHINGTON (Striker). Boltons record signing from Leicester City for a £90,000 fee in October. Started at Huddersfield, is an England International with lots of skill in the air and on the ground.

FRANK WORTHINGTON

CHRIS THOMPSON (Striker). A speedy, skilful attacker who has already made his debut for the Wanderers. Signed first as a schoolboy, then became an apprentice and went on to sign full professional forms in July, 1977. Has represented England at Youth level on a number of occasions.

ACTION REPLAY

Welsh International John Mahoney, extreme left has the Everton 'keeper' at full stretch in a vain attempt to prevent 'Boro from opening the scoring.

The Everton defence try to stab Boro's David Mills shot off target but the ball was bound for the back of the net.

David Mills makes it three for the Boro as he slots the ball past the Everton 'keeper' into the net.

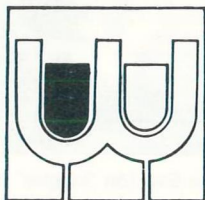

BORO 3 EVERTON 2

Stan Cummins runs over to congratulate David Mills after scoring his second goal and 'Boro's third.

The Middlesbrough Lottery is promoted by T. H. C. Green on behalf of Middlesbrough F.C., Ayresome Park, Middlesbrough.

Ian Greaves

(Bolton's Manager)

EVERYONE hopes it will prove third time lucky for Ian Greaves this season. In each of the past two seasons his team have been pipped to promotion to the First Division on the last day by one point.

Though Mr. Greaves' team comes to Ayresome Park on F.A. Cup duty today, it's no secret that promotion is their prime objective.

Mr. Greaves learned all about football as a Manchester United player. He went to Old Trafford in the early 'fifties' and won his League debut for them in 1954/55. Being a defender, he found he had a mammoth task on hand to displace internationals of the calibre of Roger Byrne, Duncan Edwards and Bill Foulkes so his first-team opportunities were rare.

The tragic Munich air crash of 1958 provided the unhappy opening for his breakthrough, though he would have wished for it to have occurred in different circumstances. But life has to go on and Ian Greaves established himself at left-back, playing in the 1958 F.A. Cup final against Bolton.

The following season he missed only eight games but, after finding himself back in reserve football in 1959/60, he moved to Second Division Lincoln City. Twelve months' later he joined Oldham where he spent the last couple of seasons of his League career.

He went into non-league football with Altrincham Town and joined Huddersfield as a coach in 1964.

He later took over as manager for six years until moving on to Bolton as assistant manager in 1974. When Jimmy Armfield left to take over at Leeds a few weeks later, Mr. Greaves succeeded him as Bolton's manager.

1977-78

NO other sporting trophy has held the charisma or magic of the Football Association Cup. The first trophy to be played for was made and designed by Martin and Halls of Sheffield in October 1871 when it was decided to institute a knock-out 'Challenge Competition'. The Cup cost £20 to make and it is interesting to note that the famous Scottish side Queen's Park were one of the first contestants. They were excused until the semi-final, and when in that game, played in London, they drew with the 'Wanderers' they had no money to cover the expenses of a second game, therefore conceded the tie to Wanderers, who went on to win the first F.A. Cup Final. For the first Cup competition in the 1871-72 season, fifteen clubs entered.

Nearly 2,000 spectators watched the first Final at Kennington Oval, having paid an admission fee of one shilling (5p) per head.

Year by year the popularity of the Cup grew and it became necessary to move the venue of the final to Crystal Palace, where by the end of the century, crowds of 100,000 and more were seeking admission, although not all of them could see the match from the grassed slopes.

Every Cup Final after the move from Kennington Oval was, until the war of 1914-18, played at Crystal Palace.

The largest crowd ever to assemble there was 120,081 which saw Aston Villa defeat Sunderland by three goals to two in 1913, in what has been described as the finest Final ever played. Sunderland ended the 1913 season as First Division Champions—a consolation for their narrow margin defeat in the Cup.

During the 1914-18 War, Crystal Palace was taken over as an army depot, and the first post-war finals were on Chelsea's ground at Stamford Bridge.

In April 1923 Wembley staged its first F.A. Cup Final, and it was on this occasion that some of the most amazing scenes ever to occur in a football match were witnessed. At that time security arrangements were sketchy and only stand seats were reserved, with the result that too many spectators were admitted to the stadium. A vast crowd overran the pitch and when the teams came out, the playing area was virtually invisible. The police on duty in the stadium, under the guidance of the now legendary inspector on a white horse, gradually moved the crowd back although not as far as the touchline. Under these conditions the game was played, Bolton Wanderers defeating West Ham by two goals to nil. No lives were lost at this match, although there were many injuries. This match paved the way for all-ticket Finals.

The original F.A. Cup was stolen after the last war and never recovered. The replacement cup is now subject to strict security.

The Cup has never been won by a Third or Fourth Division team, but Sunderland and Southampton were Second Division F.A. Cup Winners.
